TO WHOM IT MAY CONCERN

This is to certify that Yixiao Kang has completed her internship as a research assistant in the joint program supported by the University of Nottingham and Shanghai Jiao Tong University from June 29, 2021, to September 10, 2021. The Shaping the Connected Museum Internship intends to connect institutions and researchers in China and the UK.

She has worked on the project "Tie memories to e-souvenirs: personalized souvenirs with augmented reality for interactive learning in the museum". This project was aimed at building a hybrid tangible augmented reality souvenir that combines physical objects and virtual information. As part of the project, she has led the team to develop an application with augmented reality technology and deployed it at the Shanghai Science and Technology Museum. She researched and wrote a paper on augmented reality, human-computer interaction, and user studies.

During her internship, the candidate has demonstrated her self-motivation skills to learn new skills. Her performance exceeded our expectations, and she completed the project on time.

We wish her all the best for her upcoming career.
